

# GRADUATE PROGRAM

ACCELERATE YOUR CAREER GROWTH

# WHO ARE WE?

Meikai is a professional services consultancy dedicated to providing engaging individuals and tailored teams to facilitate and solve capability problems and challenges for our clients. We specialise in the provision of engineering, project management and program delivery services to support the implementation of emerging and disruptive technology within the ICT, simulation and training domains. With over a decade of experience in the development of military training solutions, simulation, and Capability Management; Meikai is ready to help you develop fit for purpose, cost effective solutions and sustainment models to suit your organisation's needs.

## OUR VISION

To support the Australian Government confidently implement Emerging and Disruptive Technology. Trusted by our clients and admired for how we achieve outcomes.

## OUR MISSION

Generate superior knowledge and people to provide the foremost support to Government implementation of Emerging and Disruptive Technology.

## OUR VALUES

**Professionalism - Clarity - Integrity**

# ONE GRADUATE PROGRAM. MANY POSSIBILITIES.

Our graduate program is built as a partnership to help you accelerate your career growth over the first two years of full-time employment. As a graduate with Meikai, you will have a well-structured program, a career mentor and a buddy.

## **GRADUATE PROGRAM STREAMS**

At Meikai, graduates will be placed into one of 2 streams;

### PROGRAM AND PROJECT MANAGEMENT

Helping plan and implement complex ICT based programs and projects.

### ENGINEERING AND ARCHITECTURE

Elicitation and refinement of user needs and requirements for emerging and disruptive technology.

## **HOW DOES THE GRADUATE PROGRAM WORK?**

The Meikai Graduate program will run for 18-24 months in which time you will be provided with experience on customer projects in the following 3 domains;

1. Simulation and C4I.
2. Emerging Technology.
3. ICT and Integration.

During your rotations, you will work with and be mentored by our highly experienced and knowledgeable team.

# LIFE AS A MEIKAI GRADUATE

## TEAM ACTIVITIES

## ROADTRIPS

# DESIGNED AS A PARTNERSHIP

## WHAT ARE WE LOOKING FOR?

### LIFELONG LEARNER

As a graduate you will rotate through different projects that will force you to learn new things. The defence industry is a unique and complex sector, so it is crucial that you can quickly adapt to the environment and are keen to learn and acquire new skills.

### CLIENT FOCUSED

The core of our business is to provide our clients with solutions to their problems and challenges. We strive to make the complex simple and the simple compelling. We are looking for problem solvers and critical thinkers, who can think out of the box and bring innovative ideas. We are also looking for those with great communication (verbal and written) and customer service skills.

### ACADEMICS

Our expertise is in emerging and disruptive technology. We are looking for those that are studying or have studied in STEM, such as Engineering or Computer Science. However, we also look for those with diverse backgrounds, such as Business, Management, Game Development and more.

## BENEFITS

### LEARNING AND DEVELOPMENT

Meikai believes that if our employees improve and grow, so does the business. Meikai backs this philosophy by providing our employees with opportunities to continuously improve themselves, whether it be through courses, seminars or further studies to improve their professional acumen.

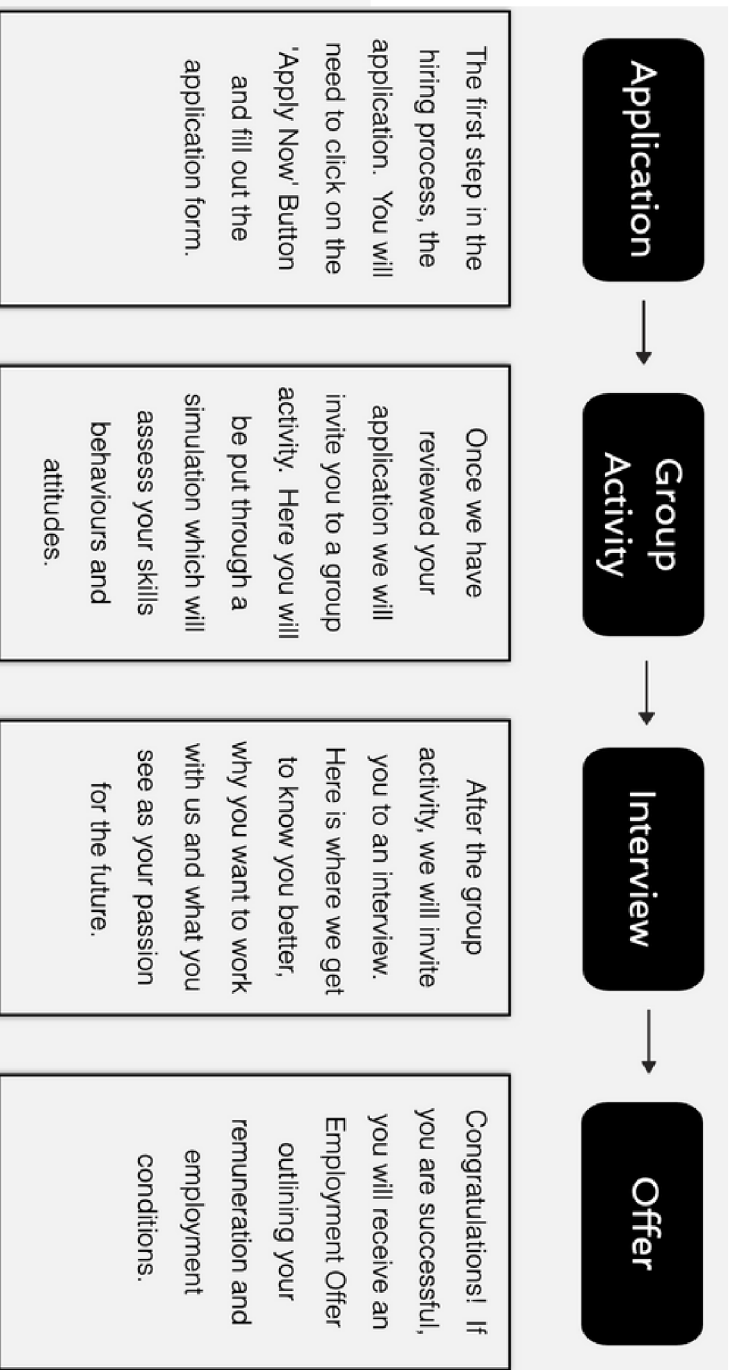

### MENTORSHIP

During each of your graduate rotations, you will be mentored by a member of the Meikai team. Each team member is highly qualified and are experts in their field. They will provide you with the knowledge and skills to make sure you are prepared for the complex defence environment.

### PAY AND RECOGNITION

You will be paid a competitive remuneration package plus 10.5% Super.
